

# Networks for Social Businesses

Below is list of GERMAN networks that are helping social businesses:

- Social Entrepreneurship Netzwerk Deutschland e.V. (SEND) is a network connecting social enterprises, social start-ups, committed social entrepreneurs, as well as support partners from business and society.
- Social Impact is a consultancy network for social enterprises in Germany that develop solutions for societal challenges such as climate change, migration and integration among others.
- The Program Engagement mit Perspektive (PEP) is a network aimed for up and coming entrepreneurs between the ages of 16 and 27 who want to create sustainable and effective structures for their promising projects.
- Social Entrepreneurship Akademie is a network for those who seek to reconcile entrepreneurial action with social thinking.
- The Entrepreneur's Pledge is a network of entrepreneurs, striving towards creating sustainable businesses that have a positive impact while re-investing 50% of profits to the cause.
